# A little bit about Sunshine League...

- Sunshine League is a non-profit that bowls every Saturday morning at Eastmont Lanes and is completely run by volunteers who donate their valuable time to make sure the program is successful.
- The Sunshine League has up to 75 bowlers every year- with a wait list!
- Most of the bowlers, because of their disabilities, are on a fixed low income.
- Sunshine league hosts bowlers of all ages with a wide range of developmental and/or physical disabilities.
- Sunshine League provides individuals with recreational and social opportunities through bowling that are extremely important. It's not just a sport, it assists bowlers in learning self-confidence, the value of team-work, and promotes communication and social skills!
- Like most non-profits, Sunshine League relies heavily on the generosity of community donations and support. A donation of any size would be gratefully accepted and will help keep these bowlers on the lanes and provide them with important milestones like awards, trophies and team parties.
